Patrick Industries Completes Acquisition of Leisure Product Enterprises including Marine Concepts / Design Concepts

Marine Concepts / Design Concepts of Cape Coral and Sarasota, Florida are pleased to announce our new parent company, Patrick Industries, Inc. (NASDAQ: PATK) of Elkhart, Indiana. Patrick Industries announced May 1st that it had completed the acquisition of Leisure Product Enterprises, LLC ("LPE"). LPE is a holding company with three highly complementary manufacturing subsidiaries under its umbrella: Marine Concepts/Design Concepts, Florida Marine Tank, and Marine Electrical Products.

John Burgess, President (Business Unit Director), is excited to continue the growth of the companies as a business unit of Patrick Industries. Burgess and the rest of the management team will continue to serve in their current roles.

Marine Concepts/Design Concepts, "The Fiberglass Tooling Experts", designs, engineers, and manufactures CNC plugs, composite molds (open and closed), and CNC molds for industries including fiberglass boat manufacturers, wind energy, aerospace, transportation, flight simulation and amusement parks. Marine Concepts also produces gelcoat and fiberglass parts and assemblies for both the marine and industrial markets. Marine Concepts opened in 1976 with the purpose of providing all-in-one product design and development services, and is the industry leader producing tooling and molds for the majority of U.S. fiberglass boat manufacturers.
